

About Us

Fenrich Consults is an indigenous consultancy firm that offers a range of consulting services in Environment, Engineering, and Management. We are committed to promoting sustainable practices and helping organizations and companies achieve regulatory compliance while minimizing their environmental footprint. Our team of experts uses advanced technologies and methodologies to deliver high-quality services to clients across various industries.

Internship Overview

We are excited to offer graduate internship opportunities for individuals passionate about the environment and eager to gain hands-on experience in environmental compliance and monitoring. As an intern, you will work alongside our experienced team on a variety of projects, including site assessments, environmental audits, data analysis, and sustainability initiatives.

Key Responsibilities

- **Environmental Assessments:** Assist in conducting environmental site assessments.
- **Compliance Audits:** Support the execution of environmental compliance audits and reporting.
- **Data Collection and Analysis:** Participate in environmental monitoring programs, including air, water, soil, and noise monitoring.
- **Impact Assessments:** Help evaluate the environmental impact of client projects and develop mitigation measures.
- **GIS and Remote Sensing:** Utilize Geographic Information Systems (GIS) and remote sensing technologies for data collection and analysis.
- **Sustainability Initiatives:** Contribute to the development and implementation of sustainability practices and green certifications.

Qualifications

- **Education:** Recent graduate or final-year student pursuing a degree in Environmental Science, Environmental Engineering, Natural Resources, or a related field.

Skills:

- Strong analytical and problem-solving skills.
- Proficiency in Microsoft Office Suite (Word, Excel, PowerPoint).
- Basic knowledge of GIS and remote sensing technologies is an advantage.
- Excellent communication and teamwork abilities.

Passion: Demonstrated interest in environmental issues and sustainability.

What we offer

- **Hands-On Experience:** Gain practical experience in environmental compliance and monitoring under the guidance of industry experts.
- **Professional Development:** Opportunities for training, workshops, and seminars to enhance your skills and knowledge.
- **Networking:** Build connections with professionals in the environmental sector and expand your professional network.
- **Mentorship:** Receive personalized mentorship and career guidance from experienced consultants.
- **Potential for Consultant position:** High-performing interns may be considered for full-time positions upon completion of the internship.

Application Process

To apply for the internship, please submit the following documents to [\[hr@fenrichconsults.co.ug\]](mailto:hr@fenrichconsults.co.ug)

- **Resume/CV:** Detailing your educational background, skills, and any relevant experience.
- **Cover Letter:** Explaining your interest in the internship and how it aligns with your career goals.
- **References:** Contact information for at least two professional or academic references.
